INDEPENDENT CORPORATE ADVISORY | BAHRAIN

Built on trust. Structured for the Gulf.

One accountable relationship for planning, establishing and supporting businesses across all six GCC markets.

BAHRAIN | SAUDI ARABIA | UAE | QATAR | KUWAIT | OMAN

Bahrain is home. Our perspective is regional.

Trustlic Group is an independent corporate advisory and coordination firm based in the Kingdom of Bahrain. We help entrepreneurs, established companies and international businesses understand where to operate, which route to consider and what must remain connected after establishment.

In Bahrain, Trustlic performs selected corporate-services work directly where appropriate. Across the six GCC markets, we coordinate experienced local, specialist and regulated providers selected for the assignment.

Independent
advice.
Connected
execution.

The right people on the ground. One accountable Trustlic relationship.

We begin with the client's commercial objective, not a pre-selected package. Trustlic keeps the assignment connected while each appointed provider remains responsible for its own local, technical or regulated work.

01

Understand

Clarify the activity, owners, customers, intended markets, timing and operating reality.

02

Structure

Compare relevant options, define responsibilities and explain costs, dependencies and timing assumptions.

03

Coordinate

Perform the agreed Trustlic work and connect suitable local, specialist or regulated providers.

04

Stay involved

Keep communication connected and support the company as it begins operating and develops.

PROFESSIONAL BOUNDARY

Trustlic Group is not a government body, law firm, regulated tax adviser or audit firm, and it is not affiliated with any government authority. Regulated services are provided by appropriately appointed professional providers.

One Gulf. Six operating environments.

Ownership, activities, premises, employment, approvals, banking preparation and continuing obligations differ from one market to another. Trustlic helps clients compare the practical route before committing.

BH

Bahrain

Trustlic's home market and strongest direct-delivery base.

KSA

Saudi Arabia

Planning around the activity, customers, contracts, investment and operating model.

UAE

United Arab Emirates

Comparison of mainland, free-zone, branch and specialised environments.

QA

Qatar

Assessment of State, financial-centre, free-zone, branch and specialised routes.

KW

Kuwait

Review of permitted local, direct-investment, branch and specialised possibilities.

OM

Oman

Comparison of mainland, free-zone, special-economic-zone, branch and specialised pathways.

Corporate Services & Market Entry

Enter the Gulf with the
right structure.

One central advisory and coordination relationship, with appropriate local and regulated providers appointed where required.

Whether a client is starting a first company or expanding an established business, Trustlic helps evaluate the six GCC markets, compare suitable establishment routes and coordinate the work needed to move from planning towards operation.

01

Plan

Understand the activity, owners, customers, market, presence and future operating needs.

02

Establish

Coordinate the agreed route, responsibilities, providers, information and dependencies.

03

Operate

Connect continuing corporate, employment, finance, compliance, protection and development needs.

NEXT CONVERSATION

Discuss your GCC market-entry plans.

Support that remains connected after establishment.

02 | BUSINESS INCUBATION & ENTERPRISE SUPPORT

From admission to practical launch.

Assess incubation, workspace and enterprise-support needs, compare appropriate providers and coordinate the relationship between admission, establishment and launch.

- Route and provider comparison
- Admission and establishment coordination
- Address and workspace arrangements
- Transition beyond incubation

03 | PRO & COMPLIANCE

Keep obligations visible and organised.

Organise recurring deadlines, corporate-standing oversight and provider responsibilities. Bahrain work may be performed directly where appropriate.

- Compliance-calendar planning
- Government-process coordination
- Workforce-compliance coordination
- Reporting and responsibility tracking

Support for the decisions that affect people and continuity.

04 | COMPANY CLOSURE ADVISORY & COORDINATION

An orderly conclusion, not a loose end.

Advise on the closure route and coordinate outstanding corporate matters, specialist appointments, client decisions and the final handover of records.

- Initial obligation review
- Closure-route planning
- Specialist-provider coordination
- Progress tracking and handover

05 | HR CONSULTANCY

Practical frameworks for working relationships.

Build employment frameworks, internal policies, people processes and connected HR administration, with confidential advisory where appropriate.

- Workforce and role planning
- Employment documentation and policies
- Employee lifecycle support
- HR, payroll and compliance coordination

Information that supports better business decisions.

06 | ACCOUNTING & FINANCE

Clear reporting. Clear responsibilities.

Define, appoint and coordinate the provider relationship for accounting, payroll, reporting, year-end, audit and filing work.

- Provider selection and scope
- Accounting setup and oversight
- Management-reporting coordination
- Year-end, audit and filing coordination

07 | CUSTOM BUSINESS SYSTEMS & APPLICATIONS

Build only what the business needs.

Translate a business need into a clear technology brief and coordinate the appointed provider through delivery, testing, launch and support.

- Business-process review
- Requirements and provider selection
- Testing and acceptance coordination
- Access, maintenance and handover planning

Protect the asset. Strengthen how it is understood.

08 | TRADEMARK & IP

Organise protection before filing begins.

Coordinate ownership review, market priorities, searches, filing and portfolio oversight through appropriately authorised specialists.

- Brand-readiness review
- Search and clearance coordination
- Market and classification planning
- Renewal and portfolio administration

09 | BRAND ADVISORY

Position the business for its next stage.

Lead the commercial brand review and coordinate appointed creative, digital, production and trademark specialists.

- Brand and business diagnosis
- Positioning and messaging
- Visual identity direction
- Implementation and governance

Know the route, responsibilities and expected costs.

Every assignment should begin with a clear understanding of what is being considered, who is responsible for each part, which assumptions matter and what remains outside any adviser or provider's control.

01

Clear scope

Define Trustlic's role, provider roles, client decisions and exclusions.

02

Transparent costs

Separate Trustlic fees, provider fees, government charges and expected disbursements.

03

Practical timing

Explain dependencies and provide experienced estimates without guaranteeing third-party processing times.

04

Visible communication

Keep decisions, responsibilities and progress connected through one central Trustlic relationship.

Clear advice does not remove every uncertainty. It makes the next decision more informed.

Practical clarity before the next commitment.

Indicative assignment outputs

- Initial commercial and operating review
- Comparison of relevant markets, routes or providers
- Recommended next-step plan
- Information and document checklist
- Responsibility schedule showing who does what
- Transparent fee and cost breakdown
- Timing assumptions and important dependencies
- Continuing-obligation or implementation schedule
- One central Trustlic contact

QUALIFICATION

The precise output depends on the service, jurisdiction and agreed scope. Authority, bank, regulator and appointed-provider decisions remain independent.
